ENCLOSE A PATIO

DECK TURNED OASIS

WIND PROTECTION

WET & HIGH USE AREAS

ENCLOSE A BEACHSIDE PATIO

Have a great outdoor space you want to use year round? The homeowners of this beachside home needed a unique way to enjoy their patio in the ever changing ocean climate. **Multi-fold** shutters enabled them to pull their shutters to the side on beautiful days or close them off quickly when the storms rolled in.

CITY SLEEK WITH WIND PROTECTION

Weatherwell shutters' robust design gives them the strength to survive high winds while maintaining a sleek look. This downtown high-rise HOA was looking for a way to protect furniture from winds. **Sliding** aluminum shutters met all their needs of security and still maintained the design continuity of the building.

DECK TURNED PRIVATE OASIS

An outside deck that was never used due to close neighbors became an oasis when enclosed with **Fixed** aluminum shutters. Movable blades that can be set in any position gave the homeowners ultimate flexibility and solitude. No more prying eyes.

WET & HIGH USE RESORT LIVING

Weatherwell Aluminum shutters are perfect for extending the luxurious look of timber shutters into commercial and high-use areas. This beachside resort needed to ensure privacy for the hot tub enclosures around their property. **Hinged** shutters maintained the picturesque view and privacy while allowing airflow.
